## AN-ACC Business Principles

In April 2021, the AN-ACC shadow assessment process commenced which is the first stage in the transition to the new AN-ACC funding model. The Aged Care Funding Instrument (ACFI) was replaced by the Australian National Aged Care Classification (AN-ACC) on 1 October 2022. The new funding model will apply to all permanent aged care residents in Australia. The change to AN-ACC will result in a change in the operations of a residential aged care facility and will have implications on staffing models. In this webinar, we will discuss the implications and key considerations for aged care facilities.
